Timely Warning and Emergency Notification Process

Campus Safety

Elegance International supports the use of timely warning notices as a means of preventing crimes or other serious incidents and to notify the College community of crimes committed on campus and/or in adjacent vicinities. Members of the Elegance International community are serious incidents in order to allow issue of a timely warning notice (if/as appropriate).

The College is also committed to ensuring that appropriate information is disseminated quickly coordinating emergency preparedness efforts, including emergency response and evacuation Emergency policies, procedures, and notification systems are evaluated as needed and tested website: <http://www.ei.edu/student-consumer-disclosure/crime-and-safety/>.

The school's senior management determine when and how to issue timely warning notices and emergency notifications. Without delay and taking into account the safety of the College system—with the exception of instances in which issuing such notification, may compromise efforts to assist victim or to contain, respond to, or otherwise mitigate an emergency. Timely warning and emergency notifications to students, faculty, and staff include the use of email; web postings; and/or signage. Inclusion in this process is automatic for all administrative personnel and for all currently registered students. If you have any questions about this process, please call or e-mail: [323-860-1199](tel:323-860-1199)/tberhorst@ei.edu
